Strategies

Phase 1 – Creating "Instant Authority" (The First 30 Days)

Summary: *How we make you look like an industry leader before your first event.*

- Conceptual Brilliance: Since there is no past event footage, Tech5 will produce "Concept Content." We use graphic design and 3D mockups to show the client's *vision*. We sell the "Standard of Excellence" they *will* provide.
- Authority Building (The Consultant Strategy): We position the company as experts through "Knowledge Nuggets."
    - *Example:* "3 Secret Costs to Watch Out for in Ethiopian Logistics."
    - *Result:* Clients hire people who solve problems. By sharing knowledge, we prove competence without needing a 10-year portfolio.
- Professional Identity: We build a high-conversion digital ecosystem (Tiktok, Facebook, Instagram, LinkedIn,) that feels established, professional, and "expensive."

Phase 2 – The "Conversion Engine"

Summary: *Using technology to drive commission and event leads.*

- Strategic Lead Magnets: We create "Lead Magnets" to find commission clients.
- SEO & Local Visibility: We ensure that when someone searches for "Event Organizers in Addis" or "Brokerage Agents in Ethiopia," this new company appears at the top, leveled with the veterans.

Phase 3 – Credibility via Association

Summary: *Borrowing trust until you build your own.*

- Partner Spotlights: We film "Collaborative Content" with established vendors (caterers, hotels, transport). By showing the new company working alongside famous brands, their credibility "rubs off" on our client.

Why This Partnership Works

Summary: *The bottom line for the client.*

- Scalable Investment: We offer tiered pricing. They can start with a Starter Package to build the foundation and upgrade to Premium as the commissions start rolling in.
- Measurable Growth: We don't guess; we track. Every month, the client receives a "Growth Audit" showing exactly how many people saw the brand and how many leads were generated.

Introduction

iyonik Mobility Solutions is a premier hub for integrated mobility in Ethiopia, specializing in high-stakes events, global logistics, and strategic branding. for years of industry expertise, your company has built a foundation on moving ideas, people, and possibilities with precision.

To elevate this foundation, **Tech5 Ethiopia IT Solution** proposes a comprehensive social media marketing strategy designed to mirror your core values of **Integrity, Innovation, and Reliability**. Our objective is to position Iyonik as Ethiopia's most trusted strategic partner for local and international clients through professional storytelling and measurable digital growth.

2. Objectives

By combining high-end visual content and data-driven insights, this plan seeks to:

- Build strong brand awareness for Iyonik's integrated service pillars among corporate and international audiences.
- Showcase Iyonik's unique "One-Stop Shop" value proposition, including relocation, brokerage, and consultancy.
- Drive customer loyalty and trust through transparent storytelling and engagement.
- Generate measurable leads for high-value services such as conference management and freight forwarding.

3. Scope of Work

A. Content Creation Tech5 Ethiopia will develop high-quality content across the four service pillars:

- **Event Excellence:** Showcasing the concept-to-execution journey of professional conferences and gatherings.
- **Logistics & Relocation Stories:** Highlighting the seamless movement of cargo and household relocations across the countries Iyonik serves.
- **Strategic Insights:** Educational posts on customs clearance, international trade, and business growth advisory.
- **Partner Spotlights:** Content celebrating the "Global + Local" partnerships and the multidisciplinary team behind the brand.

B. Video Filming & Production We will conduct professional on-site video shoots at:

- event venues and conferences managed by Iyonik.
- Logistics hubs and warehouses to capture the "Precision & Care" value in action.
- The Addis Ababa headquarters (Kazanchis, Zema Building) for leadership interviews and brand messaging.

C. Social Media Management & Engagement

- **Platforms:** Active management of Facebook, Instagram, TikTok and Linkedin
- **Tone:** Maintain a professional, sophisticated, and forward-thinking tone that reflects Iyonik's philosophy of "Moving Ideas".
- **Engagement:** Real-time response to inquiries regarding service bookings and international trade questions.
